

Holiday Candy Cane Holder Gift Tags

Materials:

Craft sheets printed on cardstock paper
Small, sharp scissors
Clear tape
4 Medium-sized candy canes

Directions:

1. Color the mouse, deer and owl.
2. Cut out all animals.
3. Cut the dotted lines to make two slits on the mouse.
4. Slide a candy cane up through the first slit on the mouse and back down through the second slit. Tape the candy cane in place on the back.
5. Cut the rounded dotted line to make one slit on the deer.
6. Tape two candy canes together by wrapping tape around the centers, with the hooks positioned to point outwards.
7. Slide the candy canes through the top slit on the deer's head. Tape the candy canes in place on the back.
8. Finally, for the owl, wrap the two legs around a single candy cane. Tape the ends of the legs on the back so that the candy candy is fastened tightly and won't slip.
9. Use these animal candy cane holders to tape onto large gifts or give as a gift in itself!

Merry Christmas!
